\*Old and new style traded in during life of the future.

Note: Because of the wide fluctuations in foreign exchange, which began September 21, 1931, and are still continuing, the Liverpool prices are calculated from the closing price of the pound sterling on the money exchange and the closing price of Liverpool futures on the grain exchange, while the Winnipeg prices are calculated from the closing price on the Winnipeg grain exchange and the discounts on Canadian currency as used by the Continental-Illinois Bank & Trust Co.
